EDITORS TO COME HERE NEXT MONTH

NORTHWEST MISSOURI PRESS TO
BE GUESTS APRIL 23, 24.

IS IN CONNECTION WITH TRACK MEET

Many Newspaper Men Will Be Entertained With Normal Events, Banquet, Sightseeing and Luncheon.

Maryville will be the host of fifty or more members of the Northwest Missouri Press Association, April 23 and 24, when a special meeting of that organization is held here, in connection with the Inter-High School track meet and oratorical and declamatory contests at the Normal.

Plans for such a meeting have been under way for many weeks, but it was only assured when a letter, definitely fixing the meeting was received here today.

The newspaper men will be well entertained too, according to arrangements already under way here, in addition to their being witnesses to the high school track meet April 24, and auditors to the literary contests, the day preceding. There will be a banquet to the visitors Friday night, April 23, it is planned and an automobile sightseeing ride about the city and probably the near-country Saturday morning, April 24, followed by a luncheon at noon at the State Normal school. It will be served by the students of the home economics department. The athletic events will entertain the press visitors that afternoon.

Arrangements also are being made to procure good accommodations for the visitors during their two days stay. It is the plan to take care of all that may come, regardless of the number.

The letter procuring for the special editors' meeting here next month follows:

Gallatin, Mo., March 22, 1915.—W. R. Jackson, Secretary the Maryville Commercial Club, Maryville, Mo.: Dear Sir—Replying to your kind letter, the executive committee of the Northwest Missouri Press association is heartily and unanimously in favor of accepting the kind invitation of the Maryville Commercial club to be its guest on April 23 and 24—during the oratorical and athletic contests at the Northwest Missouri Normal—and the call for the meeting will be issued at once and notice given the members of the association urging them to attend.

I am personally very glad that this meeting is to be held, as I have always felt the Northwest Missouri editors should get more united and enthusiastically behind the great state school for this district, and I hope there will be a large representative attendance at this meeting and that they will go home determined to boost the Northwest Normal.

I am grateful to you and your club for this kind invitation and feel sure the newspaper "boys" of Northwest Missouri will appreciate your kindness and be on hand to show their appreciation.

With kindest regards, I remain,
Very respectfully yours,
R. J. BAILL,
President Northwest Missouri Press Association.

The regular services will be held Easter Sunday with an Easter program and sermon.

BEGIN BASEBALL PRACTICE

Twenty-Four Students Start Training for Team Today—Outlook Fine, Says Coach.

The Normal school base ball squad will take its first outdoor practice today, according to Coach Walter Hanson. A meeting for all those interested in base ball was held in the Normal school gymnasium yesterday afternoon, at which about thirty men reported.

Twenty-four men signified their intention of trying out for the first team this year. With the men who are back in school from last year's team and the new material now trying for the team, Coach Hanson is optimistic as to the prospects for a winning team this season.

Brittain, Ham, Wogan, Bird, E. Adams and Noblett, regulars on the last year's team, are either in school now or have written to Mr. Hanson saying that they will be here within the next few weeks. It is also thought that Dyer, the Normal's first baseman of last spring, will return, although it is not definitely known.

With this nucleus to build around, the prospects for a winning machine are bright, indeed, says Coach Hanson.

Following are the names of the men who signed for base ball at the meeting yesterday afternoon: Fred Vandersloot, Charles Wells, Lon Adams, Ollie Elliott, Paul Powell, Charles Wiles, Earl Brittain, Ralph McClinch, Edison Blagg, Lee Scarlett, Reed Noblett, Lloyd Cox, Fred Lewis, W. A. Power, L. L. Livengood, Frank Ham, Howard Leech, M. F. Wogan, Eugene Bird, Edward Adams, captain; Orlie Quinn, Malcolm Wells and Eugene Cummins.

Buffalo, N. Y., March 23.—Word has been received here that George B. Montgomery of Buffalo was shot by a British sentry while sailing in the harbor at Hamilton, Bermuda, last Saturday. One of his feet had to be amputated. With him in the boat at the time was his wife and a negro pilot.

PLAN TRACK MEET

NORMAL ATHLETES TO CONTEST FOR HONORS APRIL 9.

CUP FOR HIGHEST SCORE

Local Jewelers Offer Trophy to Best Individual Accomplishment—May Enter for All Events.

A silver loving cup to the young man in the Normal school who scores the most points in an indoor track meet to be held in the school gymnasium on Friday night, April 9, will be given by DeHart & Holmes, jewelers.

The cup, which stands ten inches high, is a beauty and is superior to many individual cups given in the larger outdoor meets. The events in which the Normal athletes will contest are the standard indoor events of the Amateur Athletic association of America.

The exhibition of the prize offered by the Maryville firm has created an unusual amount of interest in the meet, and the track fever is now at its height among Normal contestants and followers of track events.

May Compete in All Events.

All entries for the contest must be handed to Coach Walter Hanson before Friday in order for the entrant to be eligible to take part in the meet. The custom which has been in vogue heretofore of limiting the contestant as to the number of the events in which he may take part has been done away with this year, and any person may enter in each event if he so desires.

Some of Maryville's prominent business men, as well as Normal instructors and students will act in an official capacity at the meet.

W. A. Blagg, president of the board of regents, and Ira Richardson, president of the Normal school, will act as honorary referees. Louis DeHart will be the active referee of the meet, while Fred Lewis will be the clerk of the course and will see that the events go off in their proper order.

E. E. Williams and the Rev. Robert L. Finch will take the time on the speed events, and S. H. Kemp, R. B. Montgomery and Harvey McClary will judge the winners as they cross the tape.

These Contests Are Planned.

H. P. Swinehart, W. W. Jones and Leiber Holmes will judge the field events. Mr. Swinehart will also start all the runs and dashes. The scoring of the meet will be done by Walter Hanson.

The events and the order in which they are to be contested, together with the records of the Amateur Athletic association given after each event, are as follows: 50-yard dash, 53-5 seconds; 75-yard dash, 73-5 seconds; 75-yard low hurdles, 93-5 seconds; running high jump, 6 feet 7 1/2 inches; 1 mile run, 4 minutes 18-5 seconds; 12-pound shot put, 57 feet 3 inches; standing high jump, 5 feet 5 1/2 inches; pole vault, 13 feet 2 1/2 inches; 220-yard dash, 21-5 seconds; half-mile run, 1 minute 54 seconds; rope climbing, 18 feet (using hands only), 33-5 seconds; running broad jump, 24 feet 7 1/2 inches; 440-yard dash, 47 seconds; five standing long jumps.

Five points will be given for first place, three for second and one for third place. There will be no prizes given for the first places in the single events, the loving cup being the one prize offered.

TO BE TRIED FOR ASSAULT

Scott McFarland Bound Over to Circuit Court After Preliminary—Out on \$500 Bond.

J. Scott McFarland, 416 West Tenth street, who was arrested a few days ago charged with felonious assault on E. S. Fannon, 420 West Ninth street, was bound over for trial in the April term of circuit court here, after his preliminary hearing before Justice W. L. Johnson, this morning.

He will be arraigned again in circuit court, probably on the opening day, April 5, on the assault charge. If he pleads not guilty the date of his trial will then be set by Judge W. C. Ellison.

McFarland was released, pending trial, on \$500 bond, signed by Arthur S. Robey. He is charged with having drawn a revolver on Fannon, following trouble relative to some pasture land near the Wabash station.

7 GAMBLED, CHARGE

BURLINGTON JUNCTION MEN ARRESTED ON STATE COMPLAINTS.

HOLD 1 ON 3 COUNTS

Alleged Violators Taken in, Following Complaint of Woman—To Be Tried Next Month.

Seven men, all residents of or near Burlington Junction, were arrested late yesterday afternoon by Sheriff Edwin Wallace, on warrants issued by Prosecuting Attorney W. G. Sawyers, charging them with gambling. The information alleges the law violations took place in a Burlington Junction house the latter part of February and the first part of this month.

One of the seven men arrested is charged on three counts with having gambled, while two others have two counts each against them. Those arrested with the number of complaints against them are: Dick Ware, one; Dick Hanks, one; Charles Fennell, one; Clyde Fox, one; Gene Hadden, two; French Brown, two; Wilbur C. Risher, three.

The arrest of the men followed complaints made by a woman living at Burlington Junction, it is said. Each will probably be tried in the April term of circuit court, which opens here April 5.

NORMAL FUND CUT?

REPRESENTATIVE HYSLOP BELIEVES SALARY PART DWINDLED.

'BEST SOME BILLS DIED'

County Delegate Had All 3 Measures Killed—Says Assembly Was a Good One.

Charles Hyslop, state representative from this county, returned to Maryville last night from Jefferson City, where he has been since the legislature convened early in January. Senator Anderson Craig, nodaway county's delegate to the upper branch of the legislature, will probably not return for a day or two yet.

"All in all, I believe the forty-eighth general assembly did fully as well as preceding legislatures," said Representative Hyslop. "The trouble lay in the fact that too much time was wasted in the beginning, getting organized, and in squabbling over minor matters and in factional fights."

"Good thing many bills died." The last two weeks of the session were busy ones, and much real legislative work was done, but really I believe it was a good thing for the state that a majority of the bills were killed instead of being passed, even though some that did die were commendable ones. The house succeeded in passing about eighty-five bills and the senate thirty-five of the 1,600 bills introduced."

Representative Hyslop introduced three of the bills, each of which died—two in committee, while the other was merged in a compromise bill, which later was killed.

Killed All His Bills.

One of the Hyslop bills was the five-mile measure to prohibit the operation of any saloon within five miles of a public school, normal or any state educational institution. It was killed in committee meeting, but later Representative Hyslop made an unsuccessful attempt to have the bill brought up for action in the general assembly, over the heads of the committee.

Another Hyslop bill was one requiring that dogs in the state be taxed, and that the levy thus collected should be used to reimburse persons that had sheep killed by dogs. This bill later was merged with a half dozen other "dog" bills, and the whole killed on the house floor.

Representative Hyslop also presented the bill to regulate all slaughter houses outside of incorporated towns to insure sanitation and cleanliness. This bill was trampled on by the committee which took it in town.

Normal Salary Fund Cut?

As to the biennial appropriation for the State Normal school here, Representative Hyslop was not certain what the total is, nor how apportioned. "I believe, however, that about \$18,000 was pared off the salary fund, making that portion about \$100,000, and that the budget of \$5,000 for a deep well system and the budget for campus improvements lost," said Mr. Hyslop.

It is Mr. Hyslop's belief that even this appropriation will later be trimmed some by Governor Major to make the appropriations conform to the state funds. The salary fund appropriated two years ago was \$90,000.

Mr. and Mrs. A. M. Hopper returned yesterday from a three weeks' visit with relatives at Abington, Ill.

JUDGES SAY YOU MAY HUNT

But Federal Laws Say Not—Some May Go After Water Fowls Anyway.

The third decision handed down by federal judges, declaring the federal game law unconstitutional as it relates to spring hunting, the last a few days ago by Judge Pollock of Kansas, makes it appear apparent now that there may yet be spring hunting of water fowls in this county.

Of course, the hunters are a little leary about trying it before the supreme court passes on the law, even though the district federal courts do say go ahead. But Prosecuting Attorney W. G. Sawyers says he is not afraid to risk it, if he cared to hunt.

"If I wanted to hunt I would do so, and not have any fear either of being arrested by federal authorities," said Prosecutor Sawyers.

WINTER ABNORMAL SO RECORDS SHOW

WAS MORE PRECIPITATION AND
OVERCAST SKIES, THAN USUAL.

WAS NEAR 5 FEET OF SNOW SINCE DECEMBER

Precipitation Was 7 Inches, While
There Has Been 61 Cloudy and
43 Clear Days.

Though winter bade adieu yesterday and spring said "howdy" to Maryville folk—by the calendar—and today is almost a spring-like one, yet nature is not dressed in the garb that would indicate that season by any means. And in the passing of winter, a retrospect shows some interestingly abnormal features about the winter just closed.

According to records kept by J. R. Brink, official government observer here, for the months of December, January, February and first three weeks of March, the winter was unusual in several ways.

The snow fall was more than generally is the case for the first season of the year, the precipitation was heavier and the skies were overcast far more than usual. Of course we all knew that, but not just in what percentage, so Observer Brink comes across with the figures.

Last Year Was Abnormal.

First let it be remembered summer of 1914 was abnormal, in that more of a desert atmosphere than usual was presented, the fall rains were heavier than usual and the first frost came several weeks later than usual, so considering in a way that axiom that one extreme follows another, it might be twisted around to mean that the next three seasons of this year will be normal ones.

In a general way it may be summed up that the mean temperature for last December, January, February and first three weeks was 22.5 compared to the normal mean temperature of 27.5 since 1894; that the normal precipitation has been 1.37 inches compared to 1.74 1/2 inches the past season. This shows that besides being an abnormal season in precipitation, snowfall and cloudiness, it was colder too, by several degrees.

How It Was By Months.

The lowest temperature recorded was in January when the thermometer showed 18 degrees below zero.

Taking it month by month, the records of Observer Brink shows that in December the maximum temperature was 50, minimum 10 below; mean temperature 18.3, precipitation 1.34 inches, snowfall 9.5; clear days 9; partly cloudy 13, cloudy 9.

January—Maximum temperature 53 minimum 18 below, mean 20.8; precipitation 1.52, snow 15 inches; clear days 15, partly cloudy 3, cloudy 10.

February—maximum temperature 60 minimum 11 below, mean 20.8; precipitation 1.52, snow 15 inches; clear days 15, partly cloudy 3, cloudy 10.

March 1-22—Maximum 21, minimum 19, mean 30, precipitation 1.30, snow 13 inches; clear days 3; partly cloudy 1; cloudy 17.

The prevailing direction of the wind on two of the months was from the north and two months from the northwest.

COWED THE BAD MEN.

A General Who Didn't Fear Risking
a Shot in His Back.

General Franks, a leader of many a
dashing charge in India, held a unique
position among his soldiers. They
loved him for his courage, but were
sometimes irritated by his strictness.
Yet in spite of this exacting severity
he was unexpectedly lenient when a
large occasion demanded it.

One day when the regiment was "fir-
ing blank" a bullet whistled by him.
He did not stop the firing, but when
the number of rounds ordered had been
completed he rode up to the line and
said:

"Boys, there's a bad shot in the
Tenth. He nearly shot my trumpet,
and what should I have said to the
boy's mother? I don't want to know
the blackguard's name. The officers
will not examine the men's pouches."

This was on the eve of a campaign,
and before action the senior major
came to him and said: "Don't put your-
self in front of the regiment tomorrow,
sir. You know there are always one
or two bad men in a regiment."

"Thank you, major," was the reply.
"It's very kind of you. I might have
given you a step."

When the Tenth was drawn up for
the final advance he put himself at its
head and cried:

"Boys, I'm told ye mape to shoot
me today. Take my advice and don't
shoot Tom Franks until the fighting's
done, for ye won't find a better man to
lade ye!"

The regiment answered with a cheer
and carried the Sikh batteries with the
bayonet rather than run the risk of
shooting the beloved old fire eater at
their head.—Washington Star.

In Times of Emergency

During the last two or three months a
lot of Maryville people would have found it
necessary to walk and carry their luggage to
the nearest strip of pavement when starting
on a journey—if it had not been that the
Union Bus Line had the equipment that fit-
ted into the emergency of wet and snowy
weather. And a friend coming to visit, you
would have been compelled to get out of the
auto bus at the pavement nearest your
house and walk the remaining distance to
your house—if it hadn't been that the Union
Bus Line had invested in enough vehicles to
meet the emergency.

Isn't it worth while to protect a concern
that maintains a service for every emergency?
Maryville can support ONE good bus
line.

But this city will not furnish enough
business for two or more bus lines. That has
been thoroughly tried out.

I have an equipment of auto and horse
drawn vehicles that will take care of the
Maryville business on every occasion. It rep-
resents an investment of thousands of dol-
lars. It gives employment to from ten to
twelve married men who spend their money

10-CENT "CASCARETS"

STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

Obituary.

Julia Florina, daughter of Isalah and Cynthia Dillon, was born near Greensborough, N. C., Feb. 7, 1858. After suffering for some four years she passed away at her home, three miles northeast of Pickering, Mo., on the 18th day of March, 1915. Her father died while she was quite young, and some time afterward the family removed to Indiana, where the deceased grew to womanhood. On January 15, 1882, she was married to Henry T. Pistole. Nine children were born to them, eight of whom are living, a son, Grover, having died a few months ago. These living are Wm. W., C. Olin, Ava L., Glen D., Mrs. Floy Moellenbrant, Ulma M., Anice L., all living at or near home, except Glen, who resides in Kansas. In early life she was converted and united with the M. E. church and lived a faithful wife and mother, and an excellent neighbor. In 1889 she came to Missouri, and ever since her marriage has lived on the farm where her life ended.

On March 20 Elder W. A. Chapman of Rosendale preached a brief funeral sermon at the home, and the body was laid to rest in White Oak cemetery.

The Store That Sells Wooltex

Copyright, 1915, by The H. Black Co., Cleveland

THE figure at the left in the picture, showing Wooltex suit No. 1712, is a smart model for the matron or the younger woman. The jacket has a peplum attached to the semi-circular waistline, trimmed with groups of buttons. Strictly tailored collar and revers, with five buttons. Skirt has yoke fastening with three buttons. Materials are poplin, barathea and gabardine.

NO. 1713 is a particularly smart suit for young and slender women. The new softly folded pleats, which are not pressed flat, give a distinctive effect; partial belt. Jacket may be worn open or closed. Two-piece circular skirt, with inserted triangle on each hip. Materials are imperial serge, gabardines and checks.

NO. 1708 illustrates a handsome new suit, adapted from a model by Paquin. Jacket is in uneven lengths, with belt across the centre in front and in back. Diagonal side pockets; trimming of cords of the material and embroidery. Rolling collar, with detachable over-collar of white silk crepe embroidered in pastel tint. Materials are gabardine, plain poplin and fine serge.

COAT No. 1314 is distinguished by a graduated double row of softly folded pleats, which grow wider toward the bottom of the coat, confined by a partial shaped belt crossing the back and ending under the arms. High rolling collar, trimmed with cords of the material. Full silk-lined. Materials are black and white checks, imported serge and mohair worsteds.

COAT No. 1313 is a youthful model for general wear. There is a pleasing suggestion of Norfolk effect, with broad belt and novel pockets. May be buttoned up close to the neck, or worn open. The collar of striped cloth may be worn high or flat. Materials are black and white checks, gabardine and barathea.

THE modish flare effect is charmingly illustrated by Coat No. 1300. A model that makes the figure look slender—becoming to a wide variety of figures. Panel back with folded girde. Collar of black faille silk. Materials are mistral, box poplin and gabardine. Full lined with silk in matching or contrasting colors.

STOCK PRICES ARE BOOSTED AMOLOX THE

Light Receipts Arrest Decline on Cattle—Sheep Gain Little—Hogs Strong.

Kansas City Stock Yards, March 22.—Light receipts of cattle after Tuesday last week arrested the decline in prices, and repair work amounting to 10 to 20 cents was done by the end of the week. Killers claim that the beef outlet is very bad, and say it is further clogged by consignments of dressed beef intended for export, which could not secure passage across the ocean, and which have to sell in New York.

Foreign beef prices are high enough to pay the exporter, but inability to get beef across nullifies the good market in that direction. Receipts today are 8,500 head, and the market is steady to strong on steers, 10c higher on cows, strong on stockers and feeders. Beef steers brought \$8.35 last week, but nothing choice was here today; top, \$8, bulk of native steers, \$7 to \$8.

Fourteen cars of northern Colorado beef pulp steers arrived and sold at \$7.25 to \$7.70, a few bulls included at \$5.90, cows at \$5.50 to \$5.90. In the quarantine division there were 19 cars; steers at \$6.50 to \$7.05, the top steers having received an offer of \$6.35

Hogs sold stronger late last week, and prices are strong to 5c higher today, receipts 8,500. Order buyers paid up to \$6.85, and bought freely around \$6.80, packers buying most of their hogs at \$6.70 to \$6.75, common stuff \$6.65.

NEW DISCOVERY

Many Cures Reported Daily in Towns Where It Is Known.

The wonderful cures that are being made by this remarkable new remedy are almost beyond belief.

A young lady from Ottumwa, Iowa, for many years suffered from a bad case of eczema. Her face was a sight to behold; all covered with red blotches, pustules and pimples. So unsightly was her appearance she gave up all social life. Failing to find relief with doctors and remedies, she became despondent and discouraged. After a few weeks' treatment with liquid and ointment the scaly redness disappeared, pustules healed and she was entirely cured. A few months following her mother wrote that Amolox had done wonders for her daughter, and she was married last week.

This is only one of the many cases that are being reported in towns where Amolox has been introduced and its merits have become known. Amolox Ointment will quickly banish pimples, blackheads and all minor skin troubles. Bad cases of Eczema, Psoriasis, Tetter and skin diseases lasting for years, should use both ointment and liquid to effect a cure. Trial size, 50c. Guaranteed by Grear-Henry Drug Co.

above \$7, this week. Receipts are not burdensome anywhere except at markets getting hogs out of Minnesota and the Dakotas, in which region hog raising is showing the effect of immense effort.

Sheep and lambs lost a little ground the middle of last week, but returning strength was evident at the close and prices are strong to 10c higher today. The supply was estimated early today at 13,000, but only 10,500 arrived, which caused some hurrying on the part of buyers after it was discovered.

Probably one-half the total receipts were prime lambs that sold at the top price, \$9.7, others selling at \$9.25 to \$9.65, prime ewes \$7.75, yearlings \$8.80, wethers \$8, bucks around \$5.25. About four thousand northern Colorado lambs were included, three thousand of which brought the top price, weights up to 85 pounds.

FRENCH REMEDY FOR STOMACH TROUBLES.

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, lower bowel, liver and stomach troubles should try Mayr's Wonderful Remedy. It is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

PRZEMYSL IN HANDS OF RUSS

Galician Fortress Surrenders Without Fight.

ALLIED CAPITALS CELEBRATE

Depleted by Scourge, Living on Horse-flesh, Surrounded by Superior Numbers, Garrison Holding Gateway to Cracow Yields to Mighty Odds.

WAR SUMMARY

The Austrian war office admits Przemyśl, which so long had held out against the Russian besiegers, at last has been forced, through a shortage of food, to capitulate.

With only three days' rations left, the Austrians endeavored to break through the besieging lines of Russians, but after a seven hours' battle they were compelled, under the withering gunfire of their numerically stronger foe, to retreat behind the line of forts. Three days later having destroyed the fortifications blown up the guns and burned up the ammunition, the Austrians brought out the white flag of surrender.

Fighting continues at various points on both the eastern and western battle lines. No great encounters have been reported.

London, March 23.—The Galician fortress of Przemyśl, which capitulated to the Russian army, surrendered without a fight.

Russian war office advises report that nine Austrian generals were taken, more than 300 officers and 50,000 men.

Depleted by disease, subsisting on horse flesh and surrounded by a superior force of Russians, the garrison surrendered to the besieging army after a defense lasting many months which up to the present is recorded as Austria's most noteworthy contribution to the war.

Petrograd, London and Paris are celebrating the event—Petrograd and Paris in the spontaneous manner characteristic of those cities; London with silent and grim satisfaction which is the Britons' way.

The newspaper asserts that the fall of the fortress marks the most important capture of the war, not excepting Antwerp, in that it not only releases considerable Russian forces which can be thrown into the fluctuating struggle in the Carpathians, but opens the door to Cracow and the plains of Hungary.

SNOWSLIDE KILLS 50

Bunk Houses at Britannia Mine in British Columbia Swept Away.

Vancouver, March 23.—Fifty miners were killed and as many more injured by a snowslide, which swept away several bunk houses at the Britannia mine at Howe Sound, B. C., according to a dispatch received here. Besides the bunk houses, part of the aerial tramway of the mine was carried away.

The mine level is on the side of a mountain and nearly 5,000 feet above the shore of the sound. The tramway destroyed extended from the mine to the beach. Soon after reports of the avalanche were received here a steamer with physicians and nurses left for Howe Sound.

NORTHWEST MISSOURI PRESS TO
BE GUESTS APRIL 23, 24.

IS IN CONNECTION WITH TRACK MEET

Many Newspaper Men Will Be Entertained With Normal Events, Banquet, Sightseeing and Luncheon.

Maryville will be the host of fifty or more members of the Northwest Missouri Press Association, April 23 and 24, when a special meeting of that organization is held here, in connection with the Inter-High School track meet and oratorical and declamatory contests at the Normal.

Plans for such a meeting have been under way for many weeks, but it was only assured when a letter, definitely fixing the meeting was received here today.

The newspaper men will be well entertained too, according to arrangements already under way here, in addition to their being witnesses to the high school track meet April 24, and auditors to the literary contests, the day preceding. There will be a banquet to the visitors Friday night, April 23, it is planned and an automobile sightseeing ride about the city and probably the near-country Saturday morning, April 24, followed by a luncheon at noon at the State Normal school. It will be served by the students of the home economics department. The athletic events will entertain the press visitors that afternoon.

Arrangements also are being made to procure good accommodations for the visitors during their two days stay. It is the plan to take care of all that may come, regardless of the number.

The letter procuring for the special editors' meeting here next month follows:

Gallatin, Mo., March 22, 1915.—W. R. Jackson, Secretary the Maryville Commercial Club, Maryville, Mo.: Dear Sir—Replying to your kind letter, the executive committee of the Northwest Missouri Press association is heartily and unanimously in favor of accepting the kind invitation of the Maryville Commercial club to be its guest on April 23 and 24—during the oratorical and athletic contests at the Northwest Missouri Normal—and the call for the meeting will be issued at once and notice given the members of the association urging them to attend.

I am personally very glad that this meeting is to be held, as I have always felt the Northwest Missouri editors should get more unitedly and enthusiastically behind the great state school for this district, and I hope there will be a large representative attendance at this meeting and that they will go home determined to boost the Northwest Normal.

I am grateful to you and your club for this kind invitation and feel sure the newspaper "boys" of Northwest Missouri will appreciate your kindness and be on hand to show their appreciation.

With kindest regards, I remain,
Very respectfully yours,
R. J. BALL,
President Northwest Missouri Press Association.

TO HOLD WEEK'S SERVICE

First Methodist Church Observes Passion Week With Meetings.

In accordance with the established custom of the First Methodist church in holding Passion Week services, the pastor, the Rev. Gilbert S. Cox, has arranged a series of sermons on significant topics. There will be an especially prepared musical program given at each meeting. This service will begin Sunday night and continue through Friday night.

The pastor's subjects for the week selected from the general topic, "The Testimony of His Enemies," are:
Sunday night, March 28—"Behold the Man."
Monday, March 29—"I Find No Fault in Him."
Tuesday, March 30—"This Man Received Sinners."
Wednesday, March 31—"What I Have Written, I Have Written."
Thursday, April 1—"He Hath Saved Others, He Cannot Save Himself."
Friday, April 2—"Truly This Was the Son of God."

The regular services will be held Easter Sunday with an Easter program and sermon.

Plans for such a meeting have been under way for many weeks, but it was only assured when a letter, definitely fixing the meeting was received here today.

PLAN TRACK MEET

NORMAL ATHLETES TO CONTEST
FOR HONORS APRIL 9.

CUP FOR HIGHEST SCORE

Local Jewelers Offer Trophy to Best Individual Accomplishment—May Enter for All Events.

A silver loving cup to the young man in the Normal school who scores the most points in an indoor track meet to be held in the school gymnasium on Friday night, April 9, will be given by DeHart & Holmes, jewelers.

The cup, which stands ten inches high, is a beauty and is superior to many individual cups given in the larger outdoor meets. The events in which the Normal athletes will contest are the standard indoor events of the Amateur Athletic association of America.

The exhibition of the prize offered by the Maryville firm has created an unusual amount of interest in the meet, and the track fever is now at its height among Normal contestants and followers of track events.

May Complete in All Events.

All entries for the contest must be handed to Coach Walter Hanson before Friday in order for the entrant to be eligible to take part in the meet. The custom which has been in vogue heretofore of limiting the contestant as to the number of the events in which he may take part has been done away with this year, and any person may enter in each event if he so desires.

Some of Maryville's prominent business men, as well as Normal instructors and students will act in an official capacity at the meet.

W. A. Blagg, president of the board of regents, and Ira Richardson, president of the Normal school, will act as honorary referees. Louis DeHart will be the active referee of the meet, while Fred Lewis will be the clerk of the course and will see that the events go off in their proper order.

E. E. Williams and the Rev. Robert L. Finch will take the time on the speed events, and S. H. Kemp, R. B. Montgomery and Harvey McClary will judge the winners as they cross the tape.

These Contests Are Planned.

H. P. Swinehart, W. W. Jones and Leiber Holmes will judge the field events. Mr. Swinehart will also start all the runs and dashes. The scoring of the meet will be done by Walter Hanson.

The events and the order in which they are to be contested, together with the records of the Amateur Athletic association given after each event, are as follows: 50-yard dash, 5.3-5 seconds; 75-yard dash, 7.3-5 seconds; 75-yard low hurdles, 9.3-5 seconds; running high jump, 6 feet 7½ inches; 1 mile run, 4 minutes 18.3-5 seconds; 12-pound shot put, 57 feet 3 inches; standing high jump, 5 feet 5¾ inches; pole vault, 13 feet 2¼ inches; 220-yard dash, 21.1-5 seconds; half-mile run, 1 minute 54 seconds; rope climbing, 18 feet (using hands only), 3.3-5 seconds; running broad jump, 24 feet 7¼ inches; 440-yard dash, 47 seconds; five standing long jumps.

Five points will be given for first place, three for second and one for third place. There will be no prizes given for the first places in the single events, the loving cup being the one prize offered.

Leaves for Kansas City.

Mrs. W. A. Rickenbrode left this morning for Kansas City, where she will visit her brother-in-law and sister, Mr. and Mrs. L. Ballentine. Later she will go to Olathe, Kan., to visit her parents, Mr. and Mrs. W. Beauchamp.

Get Permit to Marry.

John Dougherty, 37 years old of Omaha, Neb., and Florence Pauly, 36 years old of Cedar Rapids, were granted a marriage license by the Recorder of Deeds yesterday afternoon.

TO BE TRIED FOR ASSAULT

Scott McFarland Bound Over to Circuit Court After Preliminary—Out on \$500 Bond.

J. Scott McFarland, 416 West Tenth street, who was arrested a few days ago charged with felonious assault on E. S. Fannon, 420 West Ninth street, was bound over for trial in the April term of circuit court here, after his preliminary hearing before Justice W. L. Johnson, this morning.

He will be arraigned again in circuit court, probably on the opening day, April 5, on the assault charge. If he pleads not guilty the date of his trial will then be set by Judge W. C. Ellison.

McFarland was released, pending trial, on \$500 bond, signed by Arthur S. Robey. He is charged with having drawn a revolver on Fannon, following trouble relative to some pasture land near the Wabash station.

7 GAMBLED, CHARGE

BURLINGTON JUNCTION MEN ARRESTED ON STATE COMPLAINTS.

HOLD 1 ON 3 COUNTS

Alleged Violators Taken in, Following Complaint of Woman—To Be Tried Next Month.

Seven men, all residents of or near Burlington Junction, were arrested late yesterday afternoon by Sheriff Edwin Wallace, on warrants issued by Prosecuting Attorney W. G. Sawyers, charging them with gambling. The information alleges the law violations took place in a Burlington Junction house the latter part of February and the first part of this month.

One of the seven men arrested is charged on three counts with having gambled, while two others have two counts each against them. Those arrested with the number of complaints against them are: Dick Ware, one; Dick Hankins, one; Charles Fennell, one; Clyde Fox, one; Gene Hadden, two; French Brown, two; Wilbur Risser, three.

The arrest of the men followed complaints made by a woman living at Burlington Junction, it is said. Each will probably be tried in the April term of circuit court, which opens here April 5.

NORMAL FUND CUT?

REPRESENTATIVE HYSLOP BELIEVES SALARY PART DWINDLED.

'BEST SOME BILLS DIED'

County Delegate Had All 3 Measures Killed—Says Assembly Was a Good One.

Charles Hyslop, state representative from this county, returned to Maryville last night from Jefferson City, where he has been since the legislature convened early in January. Senator Anderson Craig, Nodaway county's delegate to the upper branch of the legislature, will probably not return for a day or two yet.

"All in all, I believe the forty-eight general assembly did fully as well as preceding legislatures," said Representative Hyslop. "The trouble lay in the fact that too much time was wasted in the beginning, getting organized, and in squabbling over minor matters and in factional fights."

"Good Thing Many Bills Died."

"The last two weeks of the session were busy ones, and much real legislative work was done, but really I believe it was a good thing for the state that a majority of the bills were killed instead of being passed, even though some that did die were commendable ones. The house succeeded in passing about eighty-five bills and the senate thirty-five of the 1,600 bills introduced."

Representative Hyslop introduced three of the bills, each of which died—two in committee, while the other was merged in a compromise bill, which later was killed.

Killed All His Bills.

One of the Hyslop bills was the five-mile measure to prohibit the operation of any saloon within five miles of a public school, normal or any state educational institution. It was killed in committee meeting, but later Representative Hyslop made an unsuccessful attempt to have the bill brought up for action in the general assembly, over the heads of the committee.

Another Hyslop bill was one requiring that dogs in the state be taxed, and that the levy thus collected should be used to reimburse persons that had sheep killed by dogs. This bill later was merged with a half dozen other "dog" bills, and the whole killed on the house floor.

Representative Hyslop also presented the bill to regulate all slaughterhouses outside of incorporated towns to insure sanitation and cleanliness. This bill was trampled on by the committee which took it in tow.

Normal Salary Fund Cut?

As to the biennial appropriation for the State Normal school here, Representative Hyslop was not certain what the total is, nor how apportioned. "I believe, however, that about \$18,000 was pared off the salary fund, making that portion about \$100,000, and that the budget of \$5,000 for a deep well system and the budget for campus improvements lost," said Mr. Hyslop.

It is Mr. Hyslop's belief that even this appropriation will later be trimmed some by Governor Major to make the appropriations conform to the state funds. The salary fund appropriated two years ago was \$90,000.

Mr. and Mrs. A. M. Hopper returned yesterday from a three weeks' visit with relatives at Abington, Ill.

JUDGES SAY YOU MAY HUNT

But Federal Laws Say Not—Some May Go After Water Fowls Anyway.

The third decision handed down by federal judges, declaring the federal game law unconstitutional as it relates to spring hunting, the last a few days ago by Judge Pollock of Kansas, makes it appear apparent now that there may yet be spring hunting of water fowls in this county.

Of course, the hunters are a little leary about trying it before the supreme court passes on the law, even though the district federal courts do say go ahead. But Prosecuting Attorney W. G. Sawyers says he is not afraid to risk it, if he cared to hunt.

"If I wanted to hunt I would do so, and not have any fear either of being arrested by federal authorities," said Prosecutor Sawyers.

WINTER ABNORMAL SO RECORDS SHOW

WAS MORE PRECIPITATION AND OVERCAST SKIES, THAN USUAL.

WAS NEAR 5 FEET OF SNOW SINCE DECEMBER

Precipitation Was 7 Inches, While There Has Been 61 Cloudy and 43 Clear Days.

Though winter bade adieu yesterday and spring said "howdy" to Maryville folk—by the calendar—and today is almost a spring-like one, yet nature is not dressed in the garb that would indicate that season by any means. And in the passing of winter, a retrospect shows some interestingly abnormal features about the winter just closed.

According to records kept by J. R. Brink, official government observer here, for the months of December, January, February and first three weeks of March, the winter was unusual in several ways.

The snow fall was more than generally is the case for the first season of the year, the precipitation was heavier and the skies were overcast far more than usual. Of course we all knew that, but not just in what percentage, so Observer Brink comes across with the figures.

Last Year Was Abnormal.

First let it be remembered summer of 1914 was abnormal, in that more of a desert atmosphere than usual was presented, the fall rains were heavier than usual and the first frost came several weeks later than usual, so considering in a way that axiom that one extreme follows another, it might be twisted around to mean that the next three seasons of this year will be normal ones.

In a general way it may be summed up that the mean temperature for last December, January, February and first three weeks was 22.5 compared to the normal mean temperature of 27.5 since 1894; that the normal precipitation has been 1.37 inches compared to 1.74½ inches the past season. This shows that besides being an abnormal season in precipitation, snowfall and cloudiness, it was colder too, by several degrees.

How It Was By Months.

The lowest temperature recorded was in January when the thermometer showed 18 degrees below zero.

Taking it month by month, the records of Observer Brink shows that in December the maximum temperature was 50, minimum 10 below; mean temperature 18.3; precipitation 1.34 inches, snowfall 9.5; clear days 9; partly cloudy 13, cloudy 9.

January—Maximum temperature 53 minimum 18 below, mean 20.8; precipitation 2.82; snow 16; clear days 16, partly cloudy 2, cloudy 13.

February—Maximum temperature 60 minimum 11 below, mean 20.8; precipitation 1.52, snow 15 inches; clear days 15, partly cloudy 3, cloudy 10.

March 1-22—Maximum 21, minimum 19, mean 30, precipitation 1.30, snow 13 inches; clear days 3; partly cloudy 1; cloudy 17.

The prevailing direction of the wind on two of the months was from the north and two months from the northwest.

Qualities which the eye cannot see—fine workmanship, fine adjustment of parts and fine balance—reveal themselves in the way the Dodge Brothers Motor Car sticks to the road at high speed.

The car weighs only 2,200 pounds but that weight is so perfectly distributed that it holds steadily to a straight-ahead course. The passengers feel scarcely a particle of vibration even when the engine is exerting its full quota of power.

The wheelbase is 110 inches. The price of the car complete is \$785.00 f. o. b. Detroit.

BEGIN REVIVAL TOMORROW

Special Services to Be Held at Presbyterian Church.

Tomorrow night the Rev. S. D. Harkness of the First Presbyterian church, will begin a ten days' special evangelistic service, which will continue through Easter Sunday. Preparatory for this service, considerable work has been done by the prayer bands, the various church organizations and personal groups of workers, and it is expected that the meetings will be profitable in many ways.

There will be no outside speaker, the pastor taking the work in accordance with a special request of the congregation and church officials.

Miss Jean Horn of Princeton, who is in the city studying voice with Prof. H. B. Schuler, has been employed to do gospel solo work during the meetings.

The services will begin at 7:45 o'clock each night.

The Rev. Mr. Harkness has just concluded a series of meetings at the Presbyterian church at Fairfax, which witnessed one of the greatest successes of any ever held in that town. An unusual feature of the meeting was the fact that fifty of the sixty-seven conversions were men between the ages of thirty and forty-five.

COWED THE BAD MEN.

A General Who Didn't Fear Risking a Shot in His Back.

General Franks, a leader of many a dashing charge in India, held a unique position among his soldiers. They loved him for his courage, but were sometimes irritated by his strictness. Yet in spite of this exacting severity he was unexpectedly lenient when a large occasion demanded it.

One day when the regiment was "firing blank" a bullet whistled by him. He did not stop the firing, but when the number of rounds ordered had been completed he rode up to the line and said:

"Boys, there's a bad shot in the Tenth. He nearly shot my trumpet, and what should I have said to the boy's mother? I don't want to know the blackguard's name. The officers will not examine the men's pouches."

This was on the eve of a campaign, and before action the senior major came to him and said: "Don't put yourself in front of the regiment tomorrow, sir. You know there are always one or two bad men in a regiment."

"Thank you, major," was the reply. "It's very kind of you. I might have given you a step."

When the Tenth was drawn up for the final advance he put himself at its head and called:

"Boys, I'm telling you to shoot me today. Take my advice and don't shoot Tom Franks until the fighting's done, for you won't find a better man to lead you!"

The regiment answered with a cheer and carried the Sikh batteries with the bayonet rather than run the risk of shooting the beloved old fire eater at their head.—Washington Star.

In Times of Emergency

During the last two or three months a lot of Maryville people would have found it necessary to walk and carry their luggage to the nearest strip of pavement when starting on a journey—if it had not been that the Union Bus Line had the equipment that fitted into the emergency of wet and snowy weather. And a friend coming to visit you would have been compelled to get out of the auto bus at the pavement nearest your house and walk the remaining distance to your house—if it hadn't been that the Union Bus Line had invested in enough vehicles to meet the emergency.

Isn't it worth while to protect a concern that maintains a service for every emergency? Maryville can support ONE good bus line.

But this city will not furnish enough business for two or more bus lines. That has been thoroughly tried out.

I have an equipment of auto and horse drawn vehicles that will take care of the Maryville business on every occasion. It represents an investment of thousands of dollars. It gives employment to from ten to twelve married men who spend their money with Maryville business men.

I ask for your business and your moral support on the basis of service. And you get this service at moderate cost.

10-CENT "CASCARETS"

STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

Obituary.

Julia Florina, daughter of Isaiah and Cynthia Dillon, was born near Greensborough, N. C., Feb. 7, 1858. After suffering for some four years she passed away at her home, three miles northeast of Pickering, Mo., on the 18th day of March, 1915. Her father died while she was quite young, and some time afterward the family removed to Indiana, where the deceased grew to womanhood. On January 15, 1882, she was married to Henry T. Pistole. Nine children were born to them, eight of whom are living, a son, Grover, having died a few months ago. These living are Wm. W., C. Olin, Ava L., Glen D., Mrs. Floy Moellenbrant, Ulma M., Anice L., all living at or near home, except Glen, who resides in Kansas. In early life she was converted and united with the M. E. church and lived a faithful wife and mother, and an excellent neighbor. In 1889 she came to Missouri, and ever since her marriage has lived on the farm where her life ended.

On March 20 Elder W. A. Chapman of Rosendale preached a brief funeral sermon at the home, and the body was laid to rest in White Oak cemetery.

We Take Pleasure in Announcing for Tomorrow the Chief Tailored Apparel Occasion of the Season The Complete Spring Showing of Women's WOOLTEX TAILORED COATS & SUITS

THIS superb assemblage of handsome new models has just arrived from America's foremost makers, and the women of our city who enjoy earliest glimpses of the new fashions, have a treat in store for them when they see this Wooltex exhibition. Every garment in the delightfully varied collection expresses smart style-correctness; but the distinguishing characteristics that mark their superiority over usual ready-to-wear garments are:

Refinement of Style Gracefulness of Lines Elegance of Materials Superlative Workmanship

The unusual niceties of custom-tailoring give to each garment an effect of elegance the moment it is taken in the hands, and this thorough and skillful workmanship creates the artistic and perfect-fitting lines which do not depend for their shapeliness upon the hot iron of the presser; but they are hand-moulded into each garment to live as long as the suit or coat is worn.

THE figure at the left in the picture, showing Wooltex suit No. 1712, is a smart model for the matron or the younger woman. The jacket has a peplum attached to the semi-circular waistline, trimmed with groups of buttons. Strictly tailored collar and revers, with five buttons. Skirt has yoke fastening with three buttons. Materials are poplin, barathea and gabardine.

NO. 1713 is a particularly smart suit for young and slender women. The new softly folded pleats, which are not pressed flat, give a distinctive effect; partial belt. Jacket may be worn open or closed. Two-piece circular skirt, with inserted triangle on each hip. Materials are imperial serge, gabardines and checks.

NO. 1708 illustrates a handsome new suit, adapted from a model by Paquin. Jacket is in uneven lengths, with belt across the centre in front and in back. Diagonal side pockets; trimming of cords of the material and embroidery. Rolling collar, with detachable over-collar of white silk crepe embroidered in pastel tint. Materials are gabardine, plain poplin and fine serge.

COAT No. 1314 is distinguished by a graduated double row of softly folded pleats, which grow wider toward the bottom of the coat, confined by a partial shaped belt crossing the back and ending under the arms. High rolling collar, trimmed with cords of the material. Full silk-lined. Materials are black and white checks, imported serge and mohair worsteds.

COAT No. 1313 is a youthful model for general wear. There is a pleasing suggestion of Norfolk effect, with broad belt and novel pockets. May be buttoned up close to the neck, or worn open. The collar of striped cloth may be worn high or flat. Materials are black and white checks, gabardine and barathea.

THE modish flare effect is charmingly illustrated by Coat No. 1300. A model that makes the figure look slender—becoming to a wide variety of figures. Panel back with folded girdle. Collar of black faille silk. Materials are mistral, box poplin and gabardine. Full lined with silk in matching or contrasting colors.

Wooltex coats, \$16.50, \$20.00 and \$25.00.
Wooltex suits, \$25.00, \$30.00 and \$35.00.

Come and see the exhibition tomorrow, while our fullest assemblage is here, and select for yourself new and becoming garments from this charming Wooltex collection.

Light Receipts Arrest Decline on Cattle—Sheep Gain Little—Hogs Strong.

Kansas City Stock Yards, March 22.—Light receipts of cattle after Tuesday last week arrested the decline in prices, and repair work amounting to 10 to 20 cents was done by the end of the week. Killers claim that the beef market is very bad, and say it is further clogged by consignments of dressed beef intended for export, which could not secure passage across the ocean, and which have to sell in New York.

Foreign beef prices are high enough to pay the exporter, but inability to get beef across nullifies the good market in that direction. Receipts today are 8,500 head, and the market is steady to strong on steers, 10c higher on cows, strong on stockers and feeders. Beef steers brought \$8.35 last week, but nothing choice was here today; top, \$8, bulk of native steers, \$7 to \$8.

Fourteen cars of northern Colorado beef pulp steers arrived and sold at \$7.25 to \$7.70, a few bulls included at \$5.90, cows at \$5.50 to \$5.90. In the quarantine division there were 19 cars; steers at \$6.50 to \$7.05, the top steers having received an offer of \$6.35

in Ft. Worth last Friday enroute. Quarantine sales were called strong to 10c higher. In stockers and feeders the demand is increasing in a healthy way, range of prices \$6.75 to \$7.50 in most cases.

Hogs sold stronger late last week, and prices are strong to 5c higher today, receipts 8,500. Order buyers paid up to \$6.85, and bought freely around \$6.80, packers buying most of their hogs at \$6.70 to \$6.75, common stuff \$6.65.

A bullish feeling permeates the hog house atmosphere, and some bets were offered today that tops would go

above \$7, this week. Receipts are not burdensome anywhere except at markets getting hogs out of Minnesota and the Dakotas, in which region hog hairing is showing the effect of immense effort.

Sheep and lambs lost a little ground the middle of last week, but returning strength was evident at the close and prices are strong to 10c higher today. The supply was estimated early today at 13,000, but only 10,500 arrived, which caused some hurrying on the part of buyers after it was discovered. Probably one-half the total receipts were prime lambs that sold at the top price, \$9.7, others selling at \$9.25 to \$9.65, prime ewes \$7.75, yearlings worth \$8.80, wethers \$8, bucks around \$5.25. About four thousand northern Colorado lambs were included, three thousand of which brought the top price, weights up to 85 pounds.

WAR SUMMARY

The Austrian war office admits Przemyśl, which so long had held out against the Russia besiegers, at last has been forced, through a shortage of food, to capitulate.

With only three days' rations left, the Austrians endeavored to break through the besieging lines of Russians, but after a seven hours' battle they were compelled, under the withering gunfire of their numerical ly stronger foe, to retreat behind the line of forts. Three days later having destroyed the fortifications blown up the guns and burned up the ammunition, the Austrians brought out the white flag of surrender.

Fighting continues at various points on both the eastern and western battle lines. No great encounters have been reported.

London, March 23.—The Galician fortress of Przemyśl, which capitulated to the Russian army, surrendered without a fight.

Russian war office advices report that nine Austrian generals were taken, more than 300 officers and 50,000 men.

Depleted by disease, subsisting on horse flesh and surrounded by a superior force of Russians, the garrison surrendered to the besieging army after a defense lasting many months which up to the present is recorded as Austria's most noteworthy contribution to the war.

Petrograd, London and Paris are celebrating the event—Petrograd and Paris in the spontaneous manner characteristic of those cities; London with silent and grim satisfaction which is the Britons' way.

The newspaper's assert that the fall of the fortress marks the most important capture of the war, not excepting Antwerp, in that it not only releases considerable Russian forces which can be thrown into the fluctuating struggle in the Carpathians, but opens the door to Cracow and the plains of Hungary.
